PACKCONTAINER S.L. is a company dedicated to the design, manufacture and maintenance of containers, racks and other metal products for the industry in general. In addition, we also offer technical advice on the improvement of industrial logistics processes. We provide customized packaging solutions to meet the needs of our customers.

Our mission is to be a good supplier of racks and other metal products in the industrial sector, respecting people and the environment, complying with legal requirements, adopting procedures to prevent pollution and reduce the environmental impact of our activities.

We aim to increase the value of our company by offering comprehensive solutions that help our clients to achieve the objectives, be more secure and competitive.

Innovation, creativity, the involvement of our staff and the will to anticipate the market and be able to offer the best solutions at all times gives us a competitive advantage that our customers appreciate.

We gain your trust by complying with all the applicable requirements and agreements established always within the deadline and giving the support you need to jointly seek solutions to your problems.

Our staff has a long experience and our clients certify this.

We promote continuous improvement by demanding the highest ethical, quality and environmental standards, in order to offer profitable and error-free solutions to our customers and improve our environmental behaviour.

We are a company committed to solidarity and we want to continue to bet on actively collaborating in social and development cooperation projects.
